

# The ANDS Goal

- “to deliver **greater access** to Australia’s research data assets
- in forms that support **easier** and **more effective**
- **data use and reuse**”
  - TADC, p. 18
- to be a “voice for data”
  - Rhys Francis

# Implications for Researchers

## Responsibilities

- Manage data for life of project
- Meet standards for good practice
- Comply with funder/institutional data
- Work up data for use by others

## Benefits

- Greater visibility of research
- Verifiable results
- Improved access to data
- Improved collaboration opportunities
- Preservation/Curation
- Citability of data
- Improved quality of data capture
